INTERNSHIP

MERN Stack - G-Zoft Tech Solutions	2025
Built scalable web applications using the MERN stack (MongoDB, Express.js, React, and Node.js) with a focus on responsive and adaptive UI/UX design. Integrated real-time APIs and dynamic data handling to improve application performance and interactivity. Implemented AI-driven functionalities and cloud deployment solutions while gaining hands-on experience in full-stack development and production workflows.	

PROJECTS

Multi-Agent AI-based Personalized Learning Platform	2026
Built a multi-agent AI system using Streamlit that delivers adaptive learning content based on individual user behavior, learning patterns, and performance metrics. Implemented intelligent agents for content recommendation, performance tracking, and user profiling to enhance personalized learning and improve user engagement.	
Tech Stack: Python, Streamlit, OpenAI API	

AI-Powered Smart Career Assistant	2025
Built an AI-driven web application that provides personalized career guidance by using NLP to analyze user skills and interests. Developed dynamic career recommendations, job role mapping, and curated learning paths through an interactive React-based interface. Integrated a Node.js backend with RESTful APIs to enable seamless real-time skill assessment and user interaction.	
Tech Stack: React.js, Node.js, Express.js, MongoDB, NLP, REST API	

Community Calendar Application	2025
Developed a fully responsive React.js application for organizing and managing community events with functionalities to add, view, and track events efficiently. Implemented effective state management techniques to enhance event visibility, improve user engagement, and ensure a smooth user experience.	
Tech Stack: React.js, JavaScript, State Management	

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript

Frontend: React.js, HTML, CSS

Backend: Node.js, Express.js

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS

ACHIEVEMENTS

Leetcode: 1400 +Rating	
HackerRank: Python, SQL certificate.	
Skillrack: 300+ problems solved.	
Paper Publication:	
TIJER -International Research Journal	
IGI Global	
Virtual Treasure Hunt at KCE Won 2 nd Price	2025
